

ABOUT US

New Zealand Dairy Careers is devoted to excellence in teaching, learning, and research to develop leaders in the dairy industry with disciplines that make a difference globally. We are engaged with teaching and research to push the boundaries of human knowledge. For students who are excited to investigate the biggest issues of the 21st century, we offer an unparalleled student experience and a generous financial *Live, Learn & Earn* programme. While you are living, learning, and on your adventure on the other side of the world, you will still be earning industry rates in the process.

TRAINING PROGRAMMES

The 12-month programme allows students to experience a full season on a NZ dairy farm to ensure they can take home every aspect of dairy farming in New Zealand. Students will return not only with a full understanding but a qualification in the dairy industry. Completing this program will give the valuable knowledge that will be beneficial for a dairy career back home and internationally.

Fees: €2,000

A 6-month placement allows students to experience half a season in New Zealand and learn through exposure from some of the best dairy farmers in the world. It encompasses everything from breeding, pasture management, best milking practices, animal health, personal development and more.

Fees: €1,650

This short programme is great for students who need to complete a 16-week placement and want to Live, Learn and Earn and experience the amazing scenery of New Zealand at the same time.

Fees: €1,200
