## **WE OFFER**

New Zealand Dairy Careers have been assisting and supporting the local farmers for over 20 years. Our programme delivers the skills and knowledge required to enable our students to work successfully on the local farms to Live, Earn and Learn. Our unparalleled student experience offers an industry recognized Certificate, Pastoral Care programme, home away from home all whilst earning competitive industry rates. Learn from some of the world's best here in New Zealand, on farm and in the classroom, whilst also experiencing what this beautiful country has to offer.

1 YEAR

€1500

The programme up to 12-months allows students to experience a full season on a NZ dairy farm to ensure they can take home every aspect of dairy farming in New Zealand. Students will return with a full understanding of the dairy industry. Completing this programme will give the valuable knowledge that will be beneficial for a career in the dairy industry back home and internationally.

6 MONTH

€1100

A 6-month placement allows students to experience half a season in New Zealand and learn through exposure from some of the best dairy farmers in the world. It encompasses everything from breeding, pasture management, best milking practices, animal health, personal development and more.

16 WEEK

€950

This short programme is great for students who need to complete a 16-week placement and want to Live, Learn, and Earn and experience the amazing scenery of New Zealand at the same time.
